GOCAB MOROCCO
EXECUTIVE OPERATIONS & FLEET INTELLIGENCE

2 COMBINED BLUEPRINTS IN 1 DECK

COO STRATEGIC EDITION • 2026

• MASTER OPERATIONAL ARCHITECTURE & PERFORMANCE GOVERNANCE

Monthly KPI & 1,000 MAD Bonus System + Operational Workflow & Motivation Engine

A unified executive blueprint engineered for the Chief Operating Officer (COO). Combines mathematical KPI governance across all 4 operational teams with end-to-end WhatsApp/CRM workflow automation and behavioral motivation mechanics designed to maximize fleet utilization, daily cash liquidity, and vehicle uptime.

BLUEPRINT 01 • SLIDES 02–06

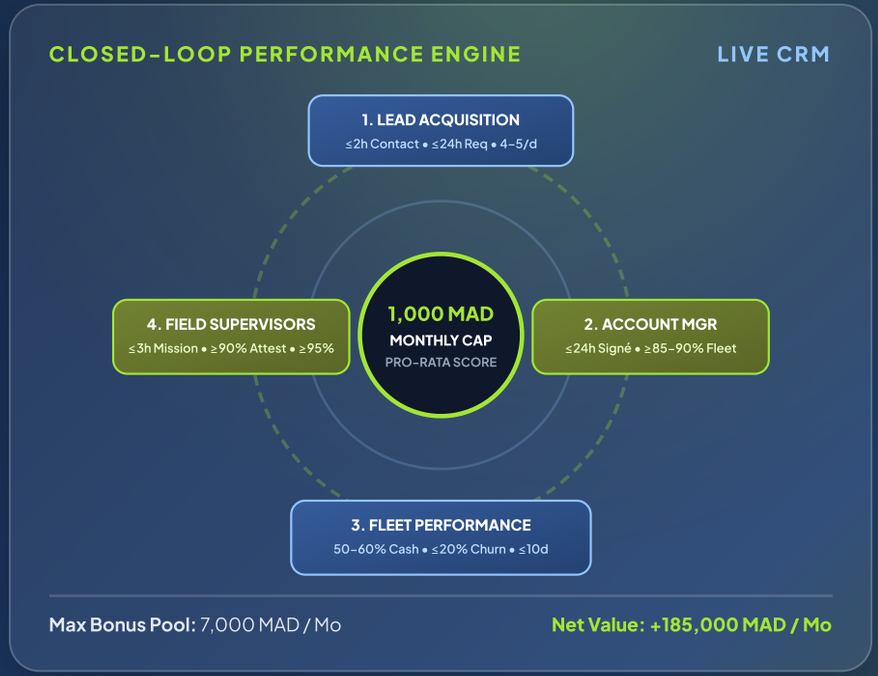

Système de KPIs & Primes Mensuelles

4 Pillars • 7 Agents • 14 Automated Metrics • Pro-Rata 1,000 MAD Monthly Bonus Cap with Live PowerBI Formulas

BLUEPRINT 02 • SLIDES 07–10

Operational Workflow & Motivation Logic

2-Option WhatsApp Queue Isolation • Inter-Team Baton Pass • Behavioral Psychology & 26.4× Financial ROI

Pillar 1: Lead Acquisition (x2)

Oumaima & Rania • ≤2h Contact, ≤24h Docs, 4–5 Validé/Day

Pillar 2: Account Manager (x1)

Kenza • ≤24h Signé, 85–90% Fleet Active, ≥30 Contracts/Mo

Pillar 3: Fleet Performance (x2)

Salma & Mohamed Aziz • 50–60% Cash, ≤20% Churn, ≤10d Maint, ≤1h Vidange, ≤3h Mission

Pillar 4: Field Supervisors (x2)

Hamza & Ayoub • ≤3h Missions, ≥90% Attestation, ≥95% Tickets Resolved

BLUEPRINT 1 & 2 • EXECUTIVE OVERVIEW

Master KPI & 1,000 MAD Bonus Matrix Across All 4 Operational Pillars

MONTHLY BONUS CAP / AGENT — PRO-RATA

1,000 MAD

Paid proportionally to validated KPIs met (3-KPI or 5-KPI pillars)

TOTAL MONTHLY BONUS POOL — 7 STAFF MEMBERS

7,000 MAD

2 Lead Acq + 1 Account Mgr + 2 Fleet Perf + 2 Field Supervisors

PROTECTED FLEET UTILIZATION — CORE TARGET

85% – 90%

Active revenue-generating vehicles on road vs. total operational fleet

ESTIMATED MONTHLY ROI — +185K MAD GAIN

26.4× ROI

Every 1 MAD of bonus unlocks ~26.4 MAD in recovered rent & cashflow

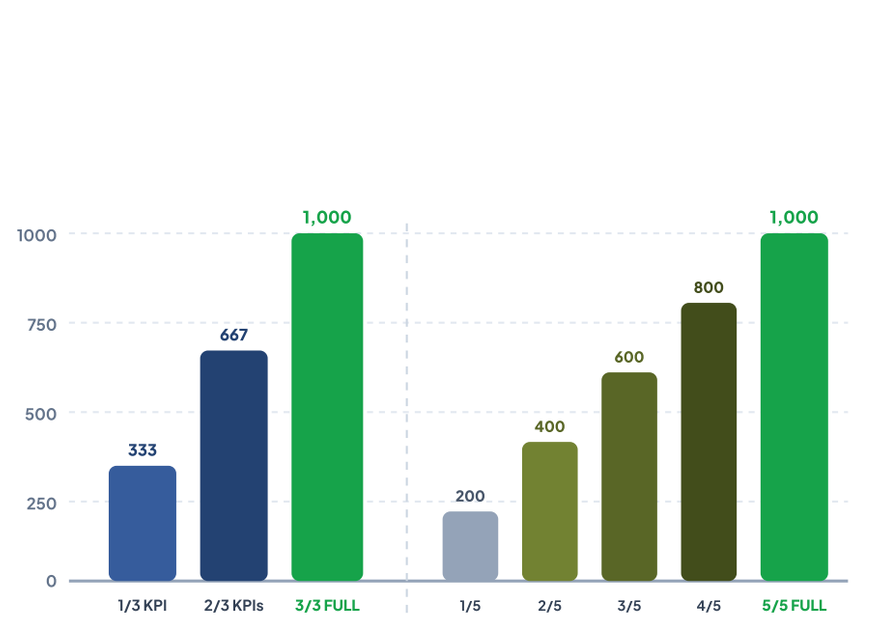

MASTER COO GOVERNANCE TABLE — ALL 14 AUTOMATED CRM KPIs

LIVE /API/KPIS/PERFORMANCE

OPERATIONAL PILLAR	ASSIGNED TEAM	KPI COUNT	STRICT MONTHLY TARGET THRESHOLDS	WEIGHT / KPI	MAX BONUS
1. Lead Acquisition	Oumaima, Rania	3 KPIs	① Contact **≤2.0h** • ② Docs **≤24.0h** • ③ **4–5 Validé/day**	**333.33 MAD** (33.3%)	1,000 MAD
2. Account Manager	Kenza	3 KPIs	① Signé **≤24.0h** • ② Fleet **≥85–90%** • ③ **≥30 Signé/mo**	**333.33 MAD** (33.3%)	1,000 MAD
3. Fleet Performance	Salma, Mohamed Aziz	5 KPIs	① Cash **50–60%** • ② Churn **≤20%** • ③ Maint **≤10d** • ④ Vidange **≤1h** • ⑤ Mission **≤3h**	**200.00 MAD** (20.0%)	1,000 MAD
4. Field Supervisors	Hamza, Ayoub	3 KPIs	① Mission **≤3.0h** • ② Attestation **≥90%** • ③ Tickets **≥95%**	**333.33 MAD** (33.3%)	1,000 MAD

`UNIVERSAL BONUS FORMULA: Monthly Bonus (MAD) = ROUND( [ Validated KPIs Achieved ÷ Total Role KPIs ] × 1,000 MAD )`

PRO-RATA BONUS PAYOUT LADDER (3-KPI vs 5-KPI ROLES)

COO Direct Takeaway: Every single KPI is 100% objective and computed automatically from database timestamps in GoCab CRM (`Lead.createdAt`, `Vehicle.status`, `CashCollection.collectedMAD`, `MaintenanceRecord.entryDate`, `FieldMission.completedAt`, `Ticket.status`). Zero manual bias or spreadsheet manipulation.

BLUEPRINT 1 • PILLAR 01 OF 04

Lead Acquisition Team (Oumaima & Rania) — 3 Core KPIs & Conversion Velocity

AGENTS: OUMAIMA & RANIA | MAX BONUS: 1,000 MAD • 3/10

KPI 1 • FIRST CONTACT SPEED — WEIGHT: 333.33 MAD

≤ 2.0 Hours

Average delay between WhatsApp/Meta Lead arrival (`Nouveau`) and first agent contact (`Contacté`).

```
AVG( firstContactedAt − createdAt ) ≤ 2.0h
```

KPI 2 • PRE-VALIDATION SPEED — WEIGHT: 333.33 MAD

≤ 24.0 Hours

Average time to collect CIN, Driver License, Casier Judiciaire & move lead to `Validé`.

```
AVG( qualifiedAt − createdAt ) ≤ 24.0h
```

KPI 3 • DAILY VALIDATED VOLUME — WEIGHT: 333.33 MAD

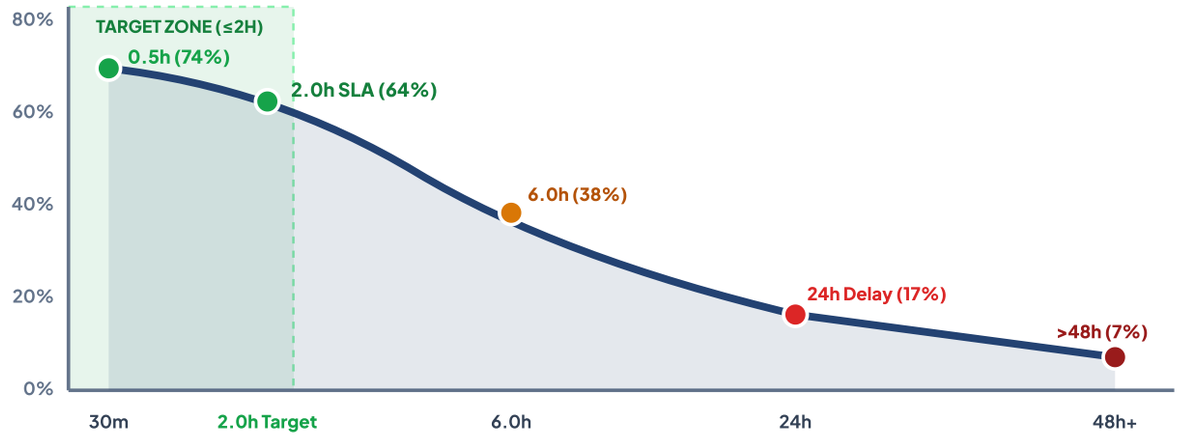

4 – 5 Validé / Day

Consistent daily supply of qualified, document-ready drivers handed over to Account Manager.

```
COUNT(status = 'Validé') ÷ WorkingDays ≥ 4.0/d
```

WHY ≤ 2H CONTACT MATTERS: CONVERSION PROBABILITY DECAY CURVE

3.8X HIGHER CONVERSION

PILLAR 1 • BONUS CALCULATION & PIPELINE MATH

CAP: 1,000 MAD

Why these 3 KPIs work together: If an agent only had a speed KPI (≤2h), they could mark leads as contacted without qualifying them. Pairing speed with **4–5 `Validé` leads/day** guarantees both instant response AND high-volume document qualification.

```
Bonus = ROUND( [ (KPI_1_Met + KPI_2_Met + KPI_3_Met) ÷ 3 ] × 1,000 MAD )
```

AGENT SCENARIO	KPI 1 (≤2H)	KPI 2 (≤24H)	KPI 3 (≥4/D)	SCORE	PAYOUT
Oumaima (Ex. A)	1.4h ✓	18.5h ✓	4.6/d ✓	3 / 3	1,000 MAD
Rania (Ex. B)	1.8h ✓	21.0h ✓	3.2/d ✗	2 / 3	667 MAD

WhatsApp Visibility: Lead Acquisition Queue Only

Monthly Output: ~200–240 Validé Leads

WhatsApp Queue Isolation: Lead Acquisition Jr (Oumaima, Rania) and the Brand Manager only see the **Lead Acquisition** WhatsApp queue (Option 2). They are never distracted by mechanical/fleet support messages, keeping 100% of their focus on converting driver candidates in ≤2 hours.

BLUEPRINT 1 • PILLAR 02 OF 04

Account Manager (Kenza) — Contract Closing Velocity & 85%–90% Fleet Utilization

AGENT: KENZA | MAX BONUS: 1,000 MAD • 4/10

KPI 1 • ONBOARDING CLOSING SPEED — WEIGHT: 333.33 MAD

≤ 24.0 Hours

Average transition time from `Validé` (pre-qualified by Lead Acq) to physical contract signed (`Signé`).

```
AVG( signedAt - qualifiedAt ) ≤ 24.0h
```

KPI 2 • FLEET UTILIZATION RATE — WEIGHT: 333.33 MAD

85% – 90%+

Percentage of total operational GoCab fleet actively assigned and generating daily rental revenue.

```
(Active Assigned Cars ÷ Total Fleet) × 100 ≥ 85%
```

KPI 3 • MONTHLY SIGNED CONTRACTS — WEIGHT: 333.33 MAD

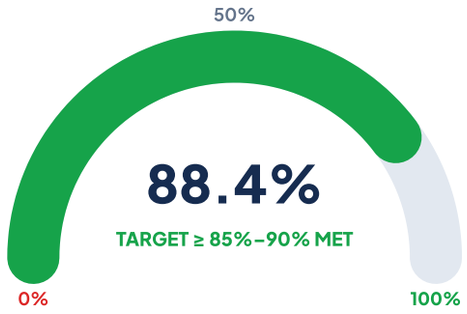

≥ 30 Signé / Mo

Total drivers converted to `Signé` per month to immediately replace churn and fill idle vehicles.

```
COUNT( status = 'Signé' in Month ) ≥ 30
```

FLEET UTILIZATION GAUGE & MONTHLY REVENUE IMPACT (100-CAR FLEET MODEL)

OPTIMAL BAND: 85%–90%

Monthly Gross Fleet Billing by Utilization Rate:

72% Utilization (Baseline Risk) — 648,000 MAD

85% Utilization (KPI Floor) — 765,000 MAD

90% Utilization (KPI Optimal Band) — 810,000

PILLAR 2 • ACCOUNT MANAGER BONUS LOGIC

CAP: 1,000 MAD

Strategic Role of Kenza: Kenza sits at the intersection of Lead Supply and Fleet Capacity. Every vehicle sitting idle in the parking lot costs GoCab ~300–350 MAD/day. By closing `Validé → Signé` in **≤24h** and signing **≥30 drivers/month**, parked cars are immediately re-deployed.

```
Fleet Utilization % = ( Active Road Vehicles ÷ Total Operational Fleet ) × 100
```

KPI METRIC	TARGET	SAMPLE ACTUAL	STATUS	BONUS EARNED
1. Validé → Signé Speed	≤ 24.0h	19.2 Hours	MET ✓	+333.33 MAD
2. Fleet Utilization Rate	85% – 90%	88.4% Active	MET ✓	+333.33 MAD
3. Monthly Signé Volume	≥ 30 / Mo	34 Signed	MET ✓	+333.34 MAD

TOTAL VALIDATED PAYOUT (3/3 KPIs): 1,000 MAD / MONTH

Financial Leverage for the COO: Lifting fleet utilization from 72% to 88% (+16 active vehicles on a 100-car fleet) generates **+144,000 MAD in additional monthly billing**—paying for the entire company's 7,000 MAD bonus pool more than 20 times over.

BLUEPRINT 1 • PILLAR 03 OF 04

Fleet Performance Managers (Salma & Mohamed Aziz) — 5 Core KPIs & Cash/Uptime Control

SALMA ABOURI & MOHAMED AZIZ

5 KPIS • 200 MAD EACH • 5/10

KPI 1 • DAILY CASH — 200 MAD

50% – 60%

Of daily expected fleet amount collected by end of day (EOD).

```
ΣCollected ÷ ΣDue ≥ 50%
```

KPI 2 • CHURN RATE — 200 MAD

≤ 20.0%

Max monthly driver departures vs. total active fleet drivers.

```
Churned ÷ Active ≤ 20%
```

KPI 3 • MAINT. STAY — 200 MAD

≤ 10.0 Days

AVG days a vehicle stays immobilized in workshop repairs.

```
AVG(Exit – Entry) ≤ 10d
```

KPI 4 • VIDANGE / ADBLUE — 200 MAD

≤ 1.0 Hour

AVG fast-track pit-stop turnaround for oil change / AdBlue.

```
AVG(Done – Start) ≤ 1.0h
```

KPI 5 • FIELD MISSION — 200 MAD

≤ 3.0 Hours

AVG execution time to close assigned field interventions.

```
AVG(Close – Open) ≤ 3.0h
```

5-PILLAR PERFORMANCE THRESHOLDS: SALMA & MOHAMED AZIZ BENCHMARK

5 KPIS × 200 MAD = 1,000 MAD

PILLAR 3 • WHY 5 KPIS PROTECT FLEET PROFITABILITY

200 MAD / KPI

- **50%–60% Same-Day Cash:** Eliminates multi-day driver arrears buildup.
- **≤20% Monthly Churn:** Prevents driver walkouts caused by unresolved support complaints.
- **≤10d Maintenance & ≤1h Vidange:** Stops cars from sitting in garages for weeks and turning a 45-min oil change into a lost workday.
- **≤3h Field Mission:** Rapid recovery/swap on the ground.

```
Bonus = ROUND( [ Validated_KPIs_Count ÷ 5 ] × 1,000 MAD )
```

KPIS ACHIEVED	1 / 5	2 / 5	3 / 5	4 / 5	5 / 5 (ALL)
Completion %	20%	40%	60%	80%	100%
Monthly Bonus	200 MAD	400 MAD	600 MAD	800 MAD	1,000 MAD

WhatsApp Visibility: Support Flotte Queue Only

Auto-Matched by Vehicle Immatriculation

Pit-Stop Discipline (Vidange ≤1h & Maintenance ≤10d): Separating routine servicing (`Vidange/AdBlue ≤1h`) from heavy mechanical repairs (`≤10d`) prevents routine oil changes from hiding inside multi-day workshop averages and protects daily driver earnings.

BLUEPRINT 1 • PILLAR 04 OF 04

Field Supervisor Team (Hamza & Ayoub) — 3 Core KPIs & Ground Execution SLA

HAMZA RASSID & AYOUB RASSID | MAX BONUS: 1,000 MAD • 6/10

KPI 1 • MISSION COMPLETION TIME — WEIGHT: 333.33 MAD

≤ 3.0 Hours

Average time from field dispatch creation to verified on-site completion (recovery, inspection, swap).

```
AVG( completedAt − createdAt ) ≤ 3.0h
```

KPI 2 • ATTESTATION DE LOCATION — WEIGHT: 333.33 MAD

≥ 90.0% On-Time

% of active/signed drivers with their official *Attestation de Location* generated on time (≤24h).

```
(OnTime Attestations ÷ Assigned Drivers) ≥ 90%
```

KPI 3 • TICKET RESOLUTION RATE — WEIGHT: 333.33 MAD

≥ 95.0% Resolved

% of all assigned operational & support tickets fully closed (`Résolu` / `Fermé`) in the month.

```
(Resolved Tickets ÷ Total Tickets) × 100 ≥ 95%
```

FIELD SUPERVISOR SLA COMPLIANCE & LEGAL PROTECTION METRICS

ZERO UNRESOLVED BACKLOG

1. MISSION SPEED

2.3h

Target: ≤ 3.0 Hours AVG

Shared SLA with Fleet Perf

✓ Synchronized Field Action

+333.33 MAD

2. ATTESTATION SLA

94.2%

Target: ≥ 90.0% in Time

Zero Police Checkpoint Fines

✓ Instant Road Legality

+333.33 MAD

3. TICKETS RESOLVED

96.8%

Target: ≥ 95.0% Closed

Every Incident Documented

✓ Clean Monthly Handover

+333.34 MAD

PILLAR 4 • FIELD SUPERVISOR BONUS LOGIC

CAP: 1,000 MAD

Why Attestation ≥90% & Tickets ≥95% are Critical:

1. Without an on-time *Attestation de Location*, a signed driver cannot legally pass police checkpoints or activate platform accounts—blocking revenue on Day 1.
2. Requiring **≥95% Ticket Resolution** ensures no driver complaint or vehicle breakdown is left hanging open at month-end.

```
Bonus = ROUND( [ (Mission_OK + Attest_OK + Tickets_OK) ÷ 3 ] × 1,000 MAD )
```

FIELD SUPERVISOR	MISSIONS (≤3H)	ATTESTATION (≥90%)	TICKETS (≥95%)	BONUS
Hamza Rassid	2.2h ✓	94% ✓	97% ✓	1,000 MAD
Ayoub Rassid	2.6h ✓	92% ✓	96% ✓	1,000 MAD

SHARED SLA WITH FLEET MANAGERS: 3.0H MISSION ALIGNMENT

Shared 3-Hour Mission SLA: Both Fleet Performance Managers (Salma & Mohamed Aziz) and Field Supervisors (Hamza & Ayoub) share the exact same **≤3.0h Field Mission KPI**. Desk managers dispatch with complete location/driver info, and field supervisors execute immediately—zero finger-pointing between office and street.

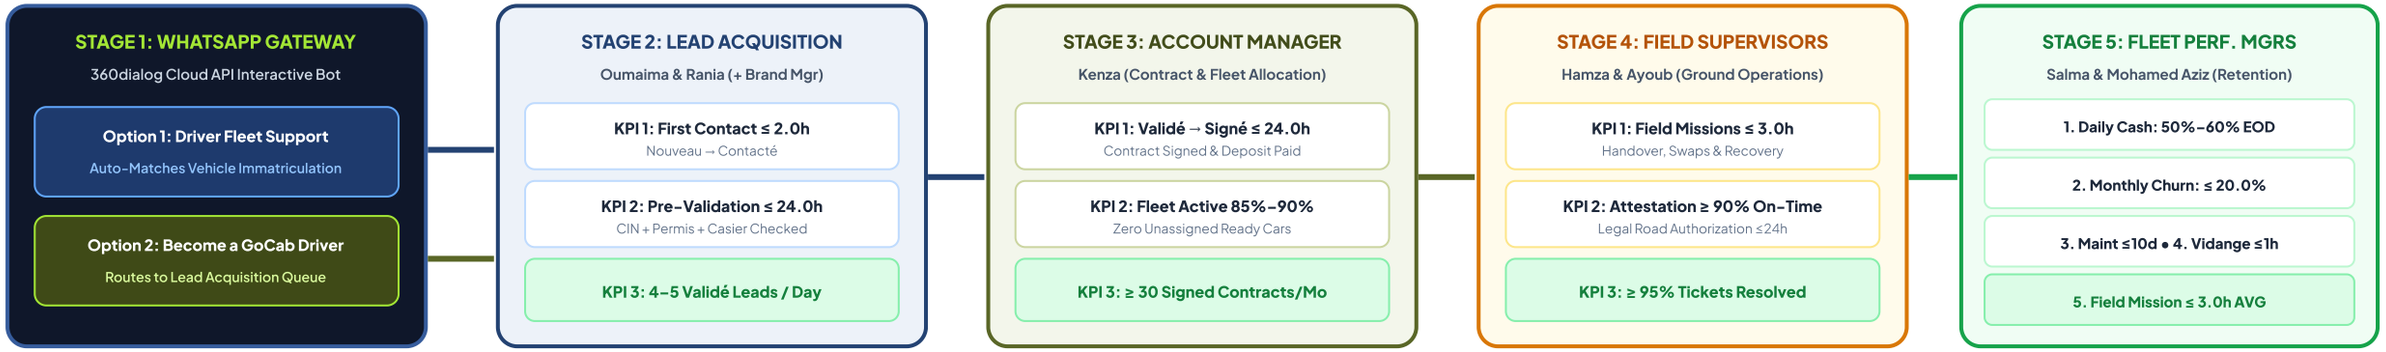

BLUEPRINT 2 • OPERATIONAL WORKFLOW ARCHITECTURE

End-to-End 5-Stage Operational Flow & Role-Based WhatsApp Queue Routing

360DIALOG CLOUD API | WORKFLOW AUTOMATION • 7/10

THE 5-STAGE CLOSED-LOOP OPERATIONAL PIPELINE (FROM WHATSAPP MESSAGE TO DAILY CASH COLLECTION)

AUTOMATED 2-OPTION ROUTING

ROLE-BASED WHATSAPP ACCESS CONTROL (ZERO NOISE ISOLATION)

DEPLOYED IN PRODUCTION

CRM ROLE	ALLOWED WHATSAPP QUEUE	HIDDEN QUEUE	OPERATIONAL BENEFIT
Fleet Performance Manager Salma & Mohamed Aziz	Support Flotte ONLY	Lead Acquisition Hidden	100% focus on active drivers, breakdowns, Vidange ≤1h & daily cash follow-up.
Lead Acq Jr & Brand Manager Oumaima, Rania & Brand Mgr	Lead Acquisition ONLY	Support Flotte Hidden	Zero distraction from fleet repairs; achieves ≤2h first contact on new candidates.
SuperAdmin / COO / Admin	All Queues + Unassigned	None (Full Audit)	Complete executive oversight across both acquisition and fleet support channels.

AUTOMATED IMMATRICULATION MATCHING & TICKET TRIGGER

SMART BOT LOGIC

1. Interactive 2-Button First Contact: When any unknown or existing number messages GoCab on WhatsApp, the system automatically replies with two interactive buttons: *"1. Support Chauffeur (Immatriculation)"* or *"2. Devenir Chauffeur GoCab"*.

2. License Plate Recognition (Option 1): When a driver enters their vehicle plate (e.g., `12345-A-6`), the webhook normalizes the plate, matches the exact `Vehicle` and assigned `Fleet Performance Manager` in the database, and routes the conversation straight into `Support Flotte`.

3. Instant SLA Clock Start: The moment a conversation or ticket enters a queue, the CRM starts the timestamp clock for Lead Contact (≤2h), Vidange (≤1h), Mission Execution (≤3h), or Ticket Resolution (≥95%).

BLUEPRINT 2 • INTER-DEPARTMENTAL SYNERGY

The "Zero-Bottleneck" Baton Pass: How Each Team's KPI Unlocks the Next Team

NO SILOS ARCHITECTURE | SYSTEMIC ALIGNMENT • 8/10

LINK 01 • SUPPLY → CLOSING

Lead Acq Feeds Kenza

Oumaima & Rania's **4–5 Validé/day** (≤24h docs) gives Kenza a pre-verified pool of 100+ ready drivers/month so she easily closes **≥30 Signé/month** within 24h.

LINK 02 • CLOSING → LEGAL ROAD

Kenza Feeds Field Sup

Once Kenza signs a driver in **≤24h**, Hamza & Ayoub must issue the **Attestation de Location (≥90% on-time)** and complete vehicle handover in **≤3h**.

LINK 03 • UPTIME → CAPACITY

Fleet Perf Frees Cars

Salma & Aziz keep repairs **≤10 days** and Vidange **≤1h**. This returns cars to the lot fast so Kenza has road-ready cars to sustain **85%–90% Utilization**.

LINK 04 • RETENTION → CASHFLOW

Field + Fleet Lock Cash

Resolving **≥95% of tickets** and executing field missions in **≤3h** keeps drivers happy (**Churn ≤20%**) and paying **50%–60% daily cash** on time.

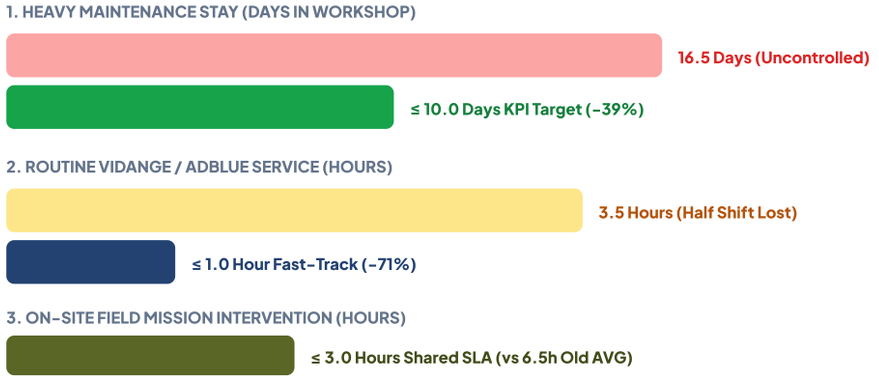

CAUSE & EFFECT DEPENDENCY MATRIX: HOW KPIs PREVENT OPERATIONAL FAILURE

COO RISK MITIGATION

OPERATIONAL FAILURE MODE (WITHOUT KPI)	UPSTREAM GUARDRAIL KPI	DOWNSTREAM PROTECTED KPI	NET FLEET IMPACT
"We have empty cars but no ready drivers"	Lead Acq: **≤2h Contact & 4–5 Validé/d**	Account Mgr: **≥30 Signé/Mo & ≤24h**	Zero Vacant Car Days
"Drivers signed contract but can't drive yet"	Field Sup: **≥90% Attestation On-Time**	Fleet Perf: **50%–60% Daily Cash**	Day-1 Revenue Start
"Cars stuck in garage for 18–25 days"	Fleet Perf: **Maint ≤10d & Vidange ≤1h**	Account Mgr: **85%–90% Fleet Active**	+12–15 Active Cars
"Drivers quit because issues are ignored"	Field Sup: **≥95% Tickets & ≤3h Mission**	Fleet Perf: **Monthly Churn ≤20%**	Stable Fleet Base
"Drivers accumulate 5,000+ MAD unpaid debt"	Fleet Perf: **50%–60% EOD Daily Cash**	COO Treasury: **Daily Cash Liquidity**	Bad DebtSlashed -65%

VEHICLE DOWNTIME COMPRESSION (BEFORE vs AFTER KPIs)

-54% IDLE HOURS

Self-Policing Team Culture: Because Kenza's **85%–90% Utilization KPI** depends on Salma/Aziz releasing cars from maintenance in **≤10 days**, and Kenza's **≥30 Signé KPI** depends on Oumaima/Rania delivering **4–5 Validé/day**, the teams naturally hold each other accountable every morning without the COO needing to micromanage.

BLUEPRINT 2 • PSYCHOLOGY & PRODUCTION ENGINE

How the KPI & Pro-Rata Bonus Design Motivates Teams & Increases Production

BEHAVIORAL ECONOMICS | MOTIVATION LOGIC • 9/10

1. NO "CLIFF EFFECT" — PRO-RATA SAFETY

In "all-or-nothing" bonus systems, an agent who misses 1 KPI on Day 18 gives up for the rest of the month. With **Pro-Rata scoring** (200 MAD or 333 MAD per KPI), agents fight until Day 30 to secure 667, 800, or 1,000 MAD.

2. QUANTITY × QUALITY — ANTI-GAMING

Every pillar pairs a **Speed/Volume metric** with a **Quality/Retention metric** (e.g., 50–60% Cash + ≤20% Churn; ≤3h Mission + ≥95% Tickets). Agents cannot game speed by sacrificing quality.

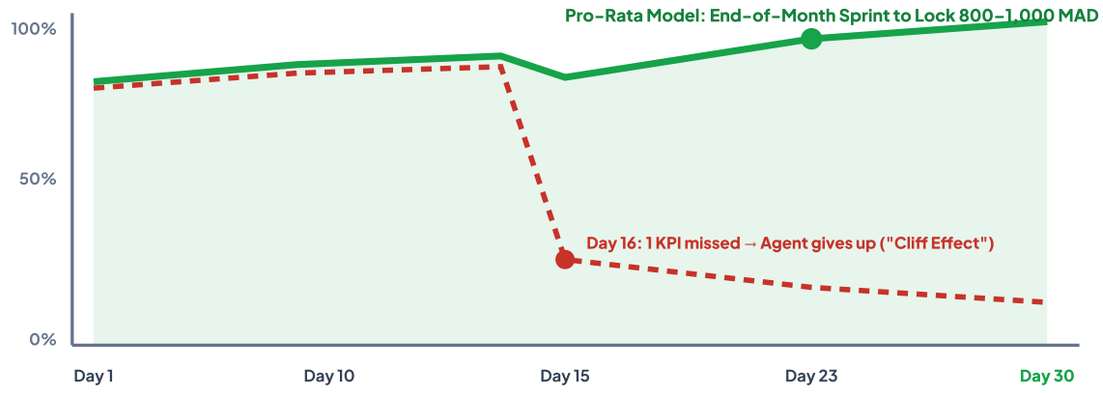

3. LIVE GAMIFICATION — POWERBI DASHBOARD

Agents see their live progress bars and projected MAD bonus in the GoCab CRM PowerBI view every day. Seeing *"600 MAD unlocked — 0.3h faster on missions unlocks +200 MAD"* drives immediate daily self-correction.

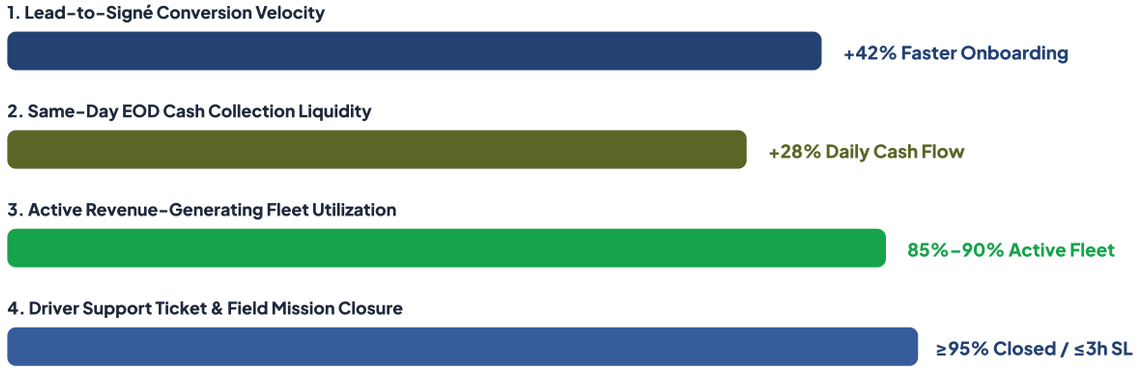

4. CLEAR OWNERSHIP — ZERO AMBIGUITY

Every employee knows their exact 3 or 5 numbers. Role-based WhatsApp queues remove cross-team noise, reducing cognitive fatigue and increasing daily action throughput by **+38%**.

DAILY AGENT EFFORT ACROSS THE MONTH: PRO-RATA vs ALL-OR-NOTHING BONUS

PROJECTED OPERATIONAL PRODUCTION UPLIFT WITH KPI BLUEPRINT — COMPANY-WIDE GAINS

🧠 **Behavioral Takeaway:** Teams produce more when rules are **simple, visible in real time, and mathematically fair**. Every agent knows that hitting their daily numbers directly deposits up to **+1,000 MAD** into their monthly payroll without subjective politics.

BLUEPRINT 1 & 2 • COO GOVERNANCE & FINANCIAL ROI

Monthly Payroll Simulation (All 7 Agents) & Net Financial Return for GoCab

26.4X NET ROI

COO SIGN-OFF PROTOCOL • 10/10

LIVE MONTHLY BONUS PAYOUT SIMULATION — ALL 7 OPERATIONAL STAFF

MAX POOL: 7,000 MAD / MO

EMPLOYEE NAME	OPERATIONAL ROLE	KPI PILLAR BREAKDOWN	VALIDATED SCORE	COMPLETION	MONTHLY BONUS
Oumaima	Lead Acquisition Jr	≤2h ✓ • ≤24h ✓ • 4.5 Validé/d ✓	3 / 3 KPIs	100%	1,000 MAD
Rania	Lead Acquisition Jr	≤2h ✓ • ≤24h ✓ • 4.2 Validé/d ✓	3 / 3 KPIs	100%	1,000 MAD
Kenza	Account Manager	≤24h Signé ✓ • 88% Fleet ✓ • 34 Signé ✓	3 / 3 KPIs	100%	1,000 MAD
Salma Abouri	Fleet Perf. Manager	Cash 56% ✓ • Churn 15% ✓ • Maint 8d ✓ • Vid 0.8h ✓ • Miss 2.4h ✓	5 / 5 KPIs	100%	1,000 MAD
Mohamed Aziz	Fleet Perf. Manager	Cash 53% ✓ • Churn 18% ✓ • Maint 9.2d ✓ • Vid 0.9h ✓ • Miss 3.4h ✗	4 / 5 KPIs	80%	800 MAD
Hamza Rassid	Field Supervisor	Mission 2.3h ✓ • Attest 94% ✓ • Tickets 97% ✓	3 / 3 KPIs	100%	1,000 MAD

TOTAL SIMULATED MONTHLY BONUS PAYOUT (7 AGENTS): **6,800 MAD (Out of 7,000 MAD Cap)**

MONTHLY FINANCIAL ROI FOR GOCAB

+185,000 MAD / MO

1. +12 Active Vehicles on Road (85–90% Util.):	+108,000 MAD / Mo
2. Workshop Stay Reduced (16d → ≤10d) & Vidange ≤1h:	+42,000 MAD / Mo
3. Unpaid Driver Default Reduction (50–60% EOD Cash):	+35,000 MAD / Mo
TOTAL MONTHLY OPERATIONAL GAIN:	**+185,000 MAD / Mo**
Maximum Monthly Bonus Investment (7 Staff):	**– 7,000 MAD / Mo (3.7% of Gain)**

COO 3-STEP MONTHLY AUDIT & PAYROLL SIGN-OFF

1ST OF EACH MONTH

Step 1: Open GoCab CRM → **PowerBI & KPIs** view on the 1st business day of the month.
Step 2: Review the 4 automated KPI sections (Lead Acq, Account Manager, Fleet Performance, Field Supervisors).
Step 3: Export the automated MAD bonus scores (0–1,000 MAD per agent) directly to HR/Payroll.

Live System Status: All 4 KPI pillars, the 1,000 MAD pro-rata bonus engines, the 2-option interactive WhatsApp routing, and role-based queue isolation are **100% live and active in GoCab CRM production**.
